

Self-Inspection Checklist

Sanitizing Equipment and Clothing

Date Inspected _____ Date Completed _____

Checklist	Needs to be Addressed	Yes	Not Applicable
Is PPE (personal protective clothing) or equipment that employees are required to wear or use, or a type capable of being cleaned easily and disinfected ?			
Are employees prohibited from interchanging PPE or equipment, unless it has been properly cleaned ?			
Are machines and equipment , which process, handle or apply materials that could be injurious to employees, cleaned and/or decontaminated before being overhauled or placed in storage?			
Are employees prohibited from smoking or eating in any area where contaminates that could be injurious if ingested are present?			
When employees are required to change from street clothing into protective clothing, is a clean change room with separate storage facility for street and protective clothing provided ?			
Are employees required to shower and wash their hair as soon as possible after a known contact has occurred with a carcinogen?			
When equipment, materials, or other items are taken into or removed from a carcinogen regulated area, is it done in a manner that will NOT contaminate non-regulated areas or the external environment?			

This checklist is NOT all-inclusive. You should add to them or skip parts that are not applicable to your company. Carefully consider each item, and refer to OSHA standards for complete and specific guidelines that may apply to your work environment. This list is typical for general industry, not construction or maritime. Please contact NATIONAL SAFETY COMPLIANCE for any training or safety supplies you may need.
